Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-3 are rejected under 35 U.S.C. 102(b) as being anticipated by Blosser (5,356,146). Regarding claim 1, Blosser provides a golf tee having a head portion (3c) and a stem portion (1c), the stem portion having marking means (5-15) for use in indicating the distance between the head portion and the ground surface.

Regarding claims 2 and 3, the plurality of colored bands of Blosser extend about the longitudinal axis of the stem and are equally spaced.
